K20/20™

"Fix-It!"

Carpet & Upholstery Cleaner

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is a very unique, high performance **Detergent-, Enzyme- & Solvent-Free Micro Emulsifier**

that can be used on a wide range of carpet fiber (Nylon, Polypropylene/Olefin, Polyester, Triexta, etc.) or upholstery fiber (Olefin, Polyester, Rayon, Nylon, Microfiber, etc.) for both restorative cleaning or daily maintenance.

Regardless of fiber type/color or cleaning system being used, dramatic results will be achieved because upon contact, **K20/20 "Fix-It!"** not only immediately breaks down and dissolves carbon-based (organic) soil binders that are on the fibers but also penetrates the small pores in the fibers as well and releases the particle soil from the fibers, which allows you to effectively remove the worst of soil residues from all types of carpet & upholstery.

It performs under the most challenging conditions and will provide amazing results cleaning carpets & upholstery with extreme soil buildup/deposits, allowing you to remove the heaviest grease, oil, dirt (including red clay) residues. It will drastically reduce your labor requirements and significantly improve the appearance level and cleanliness of the carpet /upholstery.

K20/20 "Fix-It!" can be used with all types of cleaning machines/systems:

Truck Mounts! • Portable Extractors!

Low Speed Rotary Machines! • Counter Rotating Brush Machines!

Oscillating/Orbital Machines! • Multi Brush/Pad Machines!

The moment you use **K20/20 "Fix-It!"**, you will clearly see that it outperforms and cleans better than conventional products and will safely, not only remove extremely challenging soil buildup but also remove stains caused by shoe polish, food and beverage residues, various inks, blood, etc. as well as detergent residues. **K20/20 "Fix-It!" Carpet & Upholstery Cleaner** does not contain any detergents! It will not leave a sticky residue behind that could cause resoiling!

**K20/20 Detergent-, Enzyme- & Solvent-Free Micro Emulsification
Products Change Everything!**

K20/20™ **"Fix-It!"**

Carpet & Upholstery Cleaner **Technical Data**

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is a water based solution that is:
Crystal Clear • Absolutely Odorless • Hypoallergenic • Environmentally and User Safe
It will not adversely affect "Indoor Air Quality" as it does not omit any off gases

K20/20 "Fix-It!" Carpet & Upholstery Cleaner **DOES NOT!** contain:
Detergents • VOC's • Enzymes • Oxidizing or Bleaching Agents
Acids • Optical Color Brighteners • Fragrances or Dyes

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is:
Non-Foaming! • Non-Hazardous! • Non-Flammable!
pH 10.8

K20/20 "Fix-It!" Carpet & Upholstery Cleaner
can absolutely be used with every type of cleaning machine/system!
It does not matter what type or brand of machine you might have and use!

The most productive and cost effective way to use **K20/20 "Fix-It!"** Carpet & Upholstery Cleaner is to use it as a pre-spray! It is recommended for all cleaning applications and cleaning systems.

Manual pump-up, electric or battery powered sprayers, etc. can all be used to apply **K20/20 "Fix-It!"** Carpet & Upholstery Cleaner to carpet & upholstery.

Using a very fine fan pattern spray nozzle (TeeJet 8000 - 8002 or equivalent) on your sprayer will highly improve product application efficiency and prove to be most cost effective.

It is not necessary to pre-spray carpets when using
Oscillating/Orbital Machines, Multi Brush/Pad Machines & Low Speed Rotary Machines
that have built in/on board solutions tanks and above ground sprayers (6 - 8 inches)
that spray directly out in front of the machine!

K20/20 "Fix-It!" Carpet & Upholstery Cleaner works immediately!
When properly diluted, it generally does not require any dwell time at all!

In the event that a machine has a high water flow spray tip or tips (TG-1.0 or higher), it is recommended that it/they be changed out to TG-0.7 TeeJet Full Cone Spray Tips to avoid the over wetting of carpets as well as any waste of cleaning solution.

If using a Hydro Force Sprayer, you can use the following tips for medium to extreme soil conditions:

Page 1 Medium Soil (Red Tip 1:22) Heavy Soil (Green Tip 1:16) Extreme Soil (Blue Tip 1:13)

K20/20™

"Fix-It!"

Carpet & Upholstery Cleaner

Technical Data

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is a concentrate and must be diluted prior to use based upon soil conditions!

MIXING/DILUTION DIRECTIONS (Per Gallon of Water)

Conditions	Oz. - Min.	Oz. - Max.
Light Soil:	2	4
Medium Soil:	4	6
Heavy Soil:	6	8
Extreme Soil:	8	10

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is very easy to dilute/mix.

For heavy soil, for example, first pour 6 - 8 oz. of concentrate into an empty, clean, chemical residue free 1 gallon sprayer, then fill with cool, room temperature tap water to the gallon mark, done!

Do not use extremely warm or hot water! Warm or hot water is not required to enhance cleaning performance as K20/20 "Fix-It!" Carpet & Upholstery Cleaner will still provide excellent results even at 35 - 40° F temperatures!!

It is not necessary to use more than 10 oz. of concentrate per gallon of RTU solution on extremely soiled carpets!!

On average, 1 gallon of pre-spray solution can easily be used to clean about 500 sq. ft. of carpet when using the previously suggested TeeJet spray tips for sprayers and machines with built in/on board solutions tanks with above ground sprayers.

1 gallon of concentrate offers extremely high sq. footage coverage and cleaning capability regardless of soil conditions and dilution ratios!

"Fix-It!"

Carpet & Upholstery Cleaner

Technical Data

K20/20 "Fix-It!" Carpet & Upholstery Cleaner concentrate not only offers phenomenal cleaning results, it offers enormous economical advantages in regard to surface coverage and cost as well!

Existing Soil Conditions	Maximum Ounce Per Gallon	Gallons of RTU Solution Per Gallon of Concentrate	Average Sq. Ft. Coverage Per Diluted Gallon of Concentrate	Average Material Cost Per Sq. Ft.
Light Soil:	4	32.00	16,000.00	\$0.00218
Medium Soil:	6	21.33	10,666.67	\$0.00328
Heavy Soil:	8	16.00	8,000.00	\$0.00437
Extreme Soil:	10	12.80	6,400.00	\$0.00546

***Chemical/material cost based on current MRSP/List Pricing for K20/20 "Fix-It!" Carpet & Upholstery Cleaner Per Gallon Case Price.**

K20/20 "Fix-It!" Carpet & Upholstery Cleaner can absolutely be used with every type of cleaning machine/system!

Truck Mount/Portable Extractors: Lightly pre-spray carpet, pre-scrub if necessary and rinse with clear water & extract.

Bonnet Cleaning: **K20/20 "Fix-It!" Carpet & Upholstery Cleaner** is an excellent low moisture cleaning product. Lightly pre-spray carpet and operate machine as usual.

Attention! Do not soak bonnets in solution prior to use!! Only lightly moisten bonnet pad with RTU pre-spray solution prior to use. Never start cleaning with a dry bonnet pad as this could possibly damage the carpet.

Upholstery Cleaning: Lightly pre-spray upholstery, pre-scrub if necessary, lightly mist the upholstery with water from the hand tool with clear water & extract. If an extractor is not available, simply lightly pre-spray upholstery, scrub with a soft brush if necessary & wipe down with a clean terry towel.

Done!

Regardless of machine type, simply use K20/20 "Fix-It!" Carpet & Upholstery Cleaner as a pre-spray and operate the cleaning machine accordingly!

K20/20™ **"Fix-It!"**

Carpet & Upholstery Cleaner

Technical Data

K20/20 "Fix-It!" Carpet & Upholstery Cleaner is absolutely odorless and can be used in all types of environments.

Commercial, Industrial, Medical or Residential!

It does not contain detergents that can leave behind sticky residues and cause fast resoiling! Carpet & Upholstery will stay clean longer when using K20/20 "Fix-It!" Carpet & Upholstery Cleaner!

ATTENTION: Do not use K20/20 "Fix-It!" Carpet & Upholstery Cleaner on fabrics/materials that are not water-fast such as suede leather, silk/velvet or on fabrics that are sensitive to alkaline based cleaners such as Haitian Cotton, etc.

Always check carpet or upholstery for water- and colorfastness prior to use.

Do not mix with hot water as hot water could cause the fast evaporation of K20/20 Fix-It! Carpet & Upholstery Cleaner and possibly cause uneven, blotchy results.

Avoid contact with eyes. If splashed in eyes, immediately remove contact lenses, if applicable, and rinse eyes with water for 3 - 5 minutes. Contact a physician if necessary.

Review Safety Data Sheet (SDS) prior to use.

Product Contains Modified Salts.

Always keep all cleaning products out of the reach of children!
