

K20/20®

"Max!"

High Performance Cleaner & Degreaser

K20/20® "Max!" High Performance Cleaner & Degreaser is a highly effective and very unique **Detergent-, Enzyme- & Solvent-Free Micro Emulsifier** that is almost limitless in regard to the different types of water- & colorfast surfaces it can be used on for both restorative cleaning and daily maintenance as well.

Spectacular results can be achieved because upon contact, **K20/20® "Max!"** immediately penetrates topical soil build-up, breaks the surface tension and works into the small, microscopic pores of the surface. It instantly breaks down and dissolves existing carbon-based (organic) soil binders, thereby releasing any existing embedded particle soil. This allows you to quickly & effectively remove the worst of soil residues!

K20/20® "Max!" is almost limitless as to what kind of soil residues it can remove!

Brake Dust • Nicotine/Tar • Mold, Moss & Mildew • Industrial Grease & Oil
Water Spots & Stains • Smoke & Soot Deposits • Soap Scum Deposits
Red Clay & Pollen Deposits • Hard Water Deposits On Glass & Floors
Latex Paint Residues • Beverage & Food Residues • and much more!

K20/20® "Max!" is an innovative, extremely unique & most effective cleaner that is designed to remove the widest range of soil residues from most all of the surfaces you can imagine.

K20/20® "Max!" High Performance Cleaner & Degreaser easily performs under the most challenging conditions and will provide you with amazing results, day in & day out, regardless of soil conditions.

K20/20® "Max!" can be used to clean many materials/surfaces!

Stainless Steel • Aluminum • Anodized Aluminum • Brass • Chrome • Painted Surfaces
Vinyl • Plastics • PVC • Fiberglass • Gel Coat • Rubber Flooring
Laminates • Ceramics • Brick • Wood • and much more!!

K20/20®

"Max!"

High Performance Cleaner & Degreaser

Technical Data

K20/20® "Max!" High Performance Cleaner & Degreaser
is a water based solution that is:

Crystal Clear • Absolutely Odorless • Hypoallergenic • Environmentally and User Safe
It will not adversely affect "Indoor Air Quality" as it does not omit any off gases

K20/20® "Max!" DOES NOT! contain:

Acids • Detergents • VOC's • Enzymes • Oxidizing or Bleaching Agents
Optical Color Brighteners • Fragrances or Dyes

K20/20® "Max!" High Performance Cleaner & Degreaser is:

Non-Foaming! • Non-Hazardous! • Non-Flammable!

pH 11.8

Since K20/20® "Max!" High Performance Cleaner & Degreaser
is completely odorless and does not omit any off gases
it can be used in all types of environments.

Commercial, Industrial, Medical or Residential!

K20/20® "Max!" High Performance Cleaner & Degreaser
is a ready to use solution and should not be diluted prior to use when being used for
restorative cleaning projects/applications. It can however, be diluted 1:1 - 1:2 with cold
water when restorative cleaning is not required and it is to be used for light duty
maintenance cleaning.

When using K20/20® "Max!", you will find it as easy to use as Spray • Wipe • Done! Some
extreme heavy residues may require a little dwell time. Residues such as nicotine on
surfaces and materials are generally instantly dissolved and all that is required is to
wipe up the soil and solution.

K20/20®

"Max!"

High Performance Cleaner & Degreaser

Technical Data

K20/20® "Max!" High Performance Cleaner & Degreaser

is ideal for removing a wide range of oils & greases found in manufacturing plants on ultra safety flooring, epoxy, urethane & other chemical resistant floors!

Simply spray **K20/20® "Max!" High Performance Cleaner & Degreaser** on the floors, allow to dwell 2 - 3 minutes and then scrub the floors. Wet vac up the soil and cleaning solution and mop or clear water rinse the floors. **Done!**

K20/20 "Max!" is truly unique and it will remove years of imbedded soil from the floors!

K20/20® "Max!" High Performance Cleaner & Degreaser

can also provide amazing, streak free results when cleaning stainless steel in commercial, industrial or medical settings!

In a commercial setting, for example, when cleaning an elevator door/wall, or a push plate on a door, for example, spray **K20/20® "Max!" High Performance Cleaner & Degreaser** on the surface (always spray vertical surfaces from the bottom up), then take a clean, dry micro fiber towel and wipe off the surface. Re-wipe the surface with a clean micro fiber towel (slightly moistened with water) to rinse everything off of the surface.

Immediately wipe/dry off the surface with a fresh clean dry micro fiber towel to avoid water spots or streaks.

When cleaning the exterior of an industrial exhaust vent in a kitchen, spray it from the bottom up, use a damp strip washer to wipe down the surface and then use a glass squeegee to remove soil and solution as if one was cleaning glass. **Done!**

(If necessary, use a soft non-scratch sponge to help remove crusty residues.)

ATTENTION: Avoid contact with eyes. If splashed in eyes, immediately remove contact lenses, if applicable, and rinse eyes with water for 3 - 5 minutes. Contact a physician if necessary.

Review Safety Data Sheet (SDS) prior to use. Product Contains Modified Salts. pH 11.8

Always keep all cleaning products out of the reach of children!
