

K20/20®

"Spots Gone!"

Spot & Stain Remover

K20/20® "Spots Gone!" Spot & Stain Remover is a very unique & highly effective

Detergent-, Enzyme- & Solvent-Free Micro Emulsifier

that can be used on all types of carpets or upholstery, that are water- and colorfast to remove a very wide range of spots & stains!

Instant, remarkable results will be achieved using **K20/20® "Spots Gone!"** because upon contact, not only does it immediately break down and dissolve carbon-based (organic) soil binders that are on the fibers but also penetrates the small pores in the fibers as well and releases the particle soil from the fibers.

The moment you use **K20/20® "Spots Gone!"**, you will find that spot and stain removal takes on a totally new meaning and you will clearly see that it outperforms and cleans better than conventional products and will safely remove challenging stains caused by red clay, shoe polish, food & beverage residues, various inks, blood, etc. as well as detergent residues.

It can even remove road tar and chewing gum even though it is water based!
(A little dwell time may be required for these types of residues).

K20/20® "Spots Gone!" Spot & Stain Remover is absolutely odorless and can be used in all types of environments.

Commercial, Industrial, Medical or Residential!

K20/20® "Spots Gone!" Spot & Stain Remover does not contain any detergents and will not leave a sticky residue behind that could cause resoiling or soil residues to wick back up in a short period of time!

Spots?
